Hello Central Families,

As we bring week two of our new way of learning /teaching to a close, I want to remind parents/guardians that it is imperative that teachers are connecting with each of their students at least once a week. Please know that staff are required to take attendance and connect with every student a minimum of once a week. Attendance/connection with each student is logged for the Ministry of Education as they need to know that students are receiving an education during this time. As well, teachers will be required to report out on student learning for this last term. We understand things are complicated and difficult at this time and we want to state again that our staff are here to help, but they do need to hear from you 😊. Please have your child connect with their teacher weekly in whichever way works best for you; email, online through teams, phone etc. We do not want anyone to be left out of learning! If you have any questions or concerns please don't hesitate to contact us at school.

Child-friendly explanation about about COVID-19
